Le Hoang Nhan (Web developer)

 frgryr2001 | hoangnhan2001 | hoangnhan.dev | nhanle.lx@gmail.com | +814794124

Address : District 7 , HCM city

SUMMARY

My name is Le Hoang Nhan. I am a 4th-year student with experience in Information Technology. With the amount of knowledge learned in school and self-study, I am ready for the internship/fresher position. So now I can go to work full time

In my free time, I enjoy playing video games and football and going to a cafe to relax.

SKILLS

Skills	Javascript, ReactJS, Redux, NextJS, TypeScript, Nodejs, MongoDB, CSS , Tailwindcss.
Others Skill	Github , Git , Postman.
Language	Read and understand documents in English

WORK EXPERIENCE

Studying at Ton Duc Thang University   Sep 2019 - present

I have accumulated learning experiences at school and self-study at home. Here I have done subject projects related to my work

PROJECTS

Crwn-clothing-app   Link to Demo

Crwn-clothing-app is an E-commerce website about clothes. I completed it some months ago. Technology:
- Front-end: ReactJS, Redux, Redux-thunk, Redux-toolkit, SCSS, StripeAPI
- Back-end: Firebase
- Team size: 1
- Main function :
    * Implement login, logout, and register with Firebase
    * Load products on the homepage, product detail.
    * Add product to cart, update quantity, delete the product.
    * Assumes payment using Stripe API
- Github: github.com/frgryr2001/crwn-clothing-app

E-commerce-microservices   Link to Demo

This is a service-oriented Architecture course project about a website selling shoes. In this project, there is business analysis from the ERD diagram, use case, and business specification, ... Technology:
- Front-end: ReactJS, Redux-toolkit, Ant design , Tailwindcss
